### **Responsibilities**

Karen Kidd is the Health JIF Implementation and Enrollments Manager for PERMA Risk Management Services. She is responsible for coordinating the implementation and conversion of new clients into the Health JIF membership. This responsibility includes the development of a project plan and timeline which she manages among producers, carriers, clients and brokers.

### **Background**

Kidd has over 11 years of experience in the insurance industry. Prior to joining PERMA in 2007, she was a Senior Data Manager for ASRM, LLC in Moorestown, NJ. Her responsibilities included processing weekly payroll, enrollment and deduction files as well as handling new client implementations and new plan setup in the system. Before ASRM, Kidd was a Claim Analyst for the National Employee Benefit Administrators.
